PAY LESS FOR YOUR MEDS

If you do not have prescription drug coverage or cannot afford your prescription drugs, you may be eligible for free or reduced-cost medications through:

DRUG DISCOUNT CARDS¹

Tips & Tricks

- Express cost concerns with doctor before leaving appointment
- Bring a copy of your insurer's list of preferred prescription drugs to your appointment
- If your medication comes in more than one strength, consult doctor about splitting the higher strength tablets to reduce cost
- Check for generic medications that are always offered for free or low-cost at Publix, Walmart², and Costco
- Ask doctor/pharmacist if an OTC drug or a similar, less expensive generic medication would work just as well as the one you're currently taking
- Use a combination medication instead of two separate medications
- Ask for a 90-day prescription rather than a 30-day prescription to avoid paying multiple co-pays
- Ask doctor's office and pharmacist if they have any samples or coupons/rebate offers for your prescription(s)
- Find out if the drug manufacturer offers any hardship programs or request coupons by mail from drug manufacturer's website
- Call several pharmacies to see who has the best price
- Use a mail-order option
- If your medication is not on your insurer's formulary³, request an exception with the help of your doctor
- Some organizations offer special discounts for members (AARP, AAA, Sam's Club, etc.)

1. Drug discount cards offer instant savings on medications. To use, go online and type the name of the drug, dose, number of pills, and where you live. Then you'll see what you can expect to pay at various pharmacies using the discount coupon, which you can print out or download to your phone to show the pharmacist.
2. Most commonly prescribed medications are free to \$7.50 for a 90-day supply at Publix and \$4 for a 30-day supply or \$10 for a 90-day supply at Walmart. Typically includes antibiotics, vitamins, blood pressure, heart, and diabetes medication. It may be cheaper to pay out of pocket and bypass your insurance.
3. Provides which alternative medications are covered, restrictions, and quantity limits by your insurance.

PRESCRIPTION ASSISTANCE PROGRAMS

Partnership for Prescription Assistance

www.pparx.org

Sponsored by America's biopharmaceutical research companies, PPA is a free service that helps uninsured and underinsured patients access assistance programs that offer prescription medicines for free or nearly free.

HOW DOES PPA WORK?

1. Go to www.pparx.org.
2. Tell us what prescription medicines you take.
3. Tell us about yourself (age, income, health coverage, etc.).
4. Get your results and decide which patient assistance programs you would like to apply to.
5. Complete the application process.

To find out if you may qualify for assistance, visit www.pparx.org.

Your primary care physician's office may need to work with you to file the necessary forms with the drug manufacturer.

OTHER WAYS TO SAVE

If you are a **resident of DeKalb or Fulton County**, you may be eligible for a Grady card to access the Grady Pharmacy. For an appointment with a Financial Counselor, please call 404-616-6920.

If you have a **rare disease**, you may qualify for assistance from the National Organization for Rare Disorders, 1-800-999-6673.

If you are a **veteran**, the VA offers prescription drug coverage for retired veterans, their families, and survivors.

If you have **Medicare**, contact GeorgiaCares, 1-866-552-4464, to receive help from the State Health Insurance Assistance Program. Medicare also offers extra help with premiums and out-of-pocket costs to qualifying low-income beneficiaries who participate in Medicare Part D.

Financial Assistance Program

If you live in Fulton or DeKalb County, Grady Health System and Children’s Healthcare of Atlanta - Hughes Spalding offers discounted care under a Financial Assistance Program to qualified individuals for emergency and medically necessary services. Eligible patients will not be charged more than amounts generally billed to those with insurance.

For an appointment with a Financial Counselor to determine if you are eligible, please call (404) 616-1000 (Option 4). Your information will be evaluated for financial assistance.

St. Jude's Recovery Center now offers Medication Assisted Treatment (MAT) for opioid addiction at NO COST to the individual!

For more information, please contact the MAT Coordinator at (404) 534-2192 or matcoord@sjrcatl.org.

Medication Assisted Treatment (MAT) is the use of medications, in combination with counseling and behavioral therapies, to provide a "whole-patient" approach to the treatment of substance use disorders. Research shows that a combination of medication and therapy can successfully treat these disorders, and for some people struggling with addiction, MAT can help sustain recovery. Contact us for more info!
